Our Signature Course: Exam Prep Intensive™ We prepare you to pass the first time

Ensure You Pass the Exam the First Time!

We offer a full-day Property & Casualty and Life, Accident & Health Agent Exam Prep Intensive[™] for those who need assurance in passing the state exam the first time or next time. This course is specifically designed for you. Please note: this course does not replace the state pre-licensing requirements.

Who would benefit from the Exam Prep Intensive™?

Attention online students or those with challenges passing the exam! Statistically, students completing the pre-licensing requirement online are not adequately prepared to take and pass the exam the first time or those having difficulties passing require a total immersion in the materials to get them over whatever is getting in their way of passing the exam; therefore, we have developed the EPI.

We recommend those who completed the requirement online to bookend online training with our exam prep. Take the course while you are in the process of completing the online training and then a second time prior to sitting for the state licensing exam. Remember: "Repetition is the mother of all learning!" Prior to sitting for the EPI. we strongly encourage each student to schedule their exam within 3 days of the EPI.

Exam Prep Intensive™ ONLY

*Tuition includes: 3 month pass to attend our exam prep as often as you like and playbook (Q & A with explanations)

- Best prior to taking exam
- Focus on key points
- Test strategies
- Ask questions

*Tuition Life, Accident & Health Agent \$189 Property & Casualty Broker/Agent \$189

Plus S & H \$14 - study materials (playbook) mailed through USPS.

What is the Exam Prep Intensive™?

During the full-day Exam Prep Intensive™ (EPI) students can expect to be fully immersed in exam question updates and course material, which will result in passing the first time!

Our use of "Accelerated Learning Techniques" will help you grasp and retain more information. We cover test taking techniques and strategies that will keep you focused on passing the exam. We also review key concepts, ongoing updates to our exam prep, 300 - 400 practice questions & answers, and set you up with the right mindset.

Students often times have questions on the licensing process. We:

- 1. Provide instructions on scheudling your exam and the insurance licensing application process.
- 2. Get you in the right mindset with the right test taking strategies.
- 3. Create a plan of action that will get you through the licensing process quickly.
- 4. Help you with any questions or concerns. Simply call or email us.

QLS Exclusive "Blended Learning Program"

Online Prelicensing & Virtual Online Classroom Study Hall w/Exam Preparation

At Quick Learning School our goal is to provide an enjoyable and informative learning environment. We strive for every student to have a positive learning experience and develop the skills necessary to pass the California State Insurance Exams the first time or any exam in their professional career.

Many businesses are adjusting their business model in response to the COVID-19 pandemic. To model what we teach (adjust and continue, be flexible), we are happy to announce a "blended learning" program!

What is "blended learning"?

"Blended learning" is an educational style that combines online learning tools with traditional face-to-face style teachings.

Why "blended learning"?

"Blended learning" enables us to further support our students in the prelicensing phase of their new career paths! We set you up for success by using the framework of our classroom environment and learning philosophies. A schedule with homework, accountability, follow-up and the benefit of a community of students who are attending the live face-to-face virtual training. This will ensure that the information provided in our online program is resonating, understood by everyone, and that you, the student, run through the finish line. That means you take your licensing exam and pass the first time!

What does "blended learning" look like and how is it implemented at Quick Learning School?

We combine our online prelicensing programs for Life, Accident & Health and Property & Casualty with instructor led virtual review sessions through Zoom. These review sessions do not count towards the required prelicensing hours but complement the online prelicensing programs available to us. The Zoom review sessions provide an in depth understanding of the material covered in the online courses, help our students connect the dots, and retain and remember the relevant information. The review sessions emulate our in-class training by connecting us directly with our students, answering any questions that come up in the training, and enable us to provide additional learning materials and assignments to help you stay on track with the online prelicensing program.

Why you should get registered with FINRA?

TOP 3 REASONS

- 1 Enhance Client Relationships
- 2 Expand Product Offerings
 - 3 Increase Earnings
 Potential

To become registered, securities professionals must pass qualifying exams administered by FINRA. An individual must pass the exams prior to engaging in those areas of the business. Start with ... SIE®.

The Securities Industry Essentials® (SIE®) Exam is a FINRA introductory-level exam that assesses a candidate's knowledge of basic securities industry information that includes concepts fundamental to working in the industry, such as types of products and their risks; the structure of the securities industry markets, regulatory agencies and their functions; and prohibited practices.

Passing the SIE alone does not qualify an individual for registration with a FINRA member firm or to engage in securities business. In order to become registered to engage in securities business, an individual must:

- Pass the SIE and a qualification exam appropriate for the type of business the individual will engage in.
- Be associated with a member firm to take a *qualification exam.

*Qualification exams include: Series 6 (Investment Company Representative), Series 7 (General Securities Representative), and more. For more detailed information and a complete list of other qualification exams visit: https://www.finra.org/registration-exams-ce/qualification-exams/securities-industry-essentials-exam
